MAD Greens is proud to be a Colorado Department of Health Smart Meal Seal Restaurant

"It's not easy being green."

- Kermit The Frog

At MAD Greens we don't think that is true. Being green is more than just words. It's about making a positive, lasting impact on the environment and personal health.

We are constantly searching for ways to reduce our usage of petroleum products and our carbon footprint. For example, fuel efficient delivery/catering cars and reusable bowls in our restaurants.

Not all calories are the same. At MAD Greens we offer a tremendous variety of healthful options, utilizing ingredients that offer wide ranging nutritional benefits for your body and mind.

Eat green, act green - live green! Marley And Dan
